Start with the new opportunities below. Retained entries appeared in earlier packets and have not been reported sent to festivals.

Manager action queue

NEW | North Coast Music Festival 2027

Send first through North Coast's published general inbox and ask that it be routed to Michael Berg. Confirm the 2027 dates and the most suitable house or UK-garage-leaning stage before discussing terms.

Strong U.S. fit: the 2026 bill paired house with UK garage and bassline-adjacent programming. The recipient is a general festival inbox, not Michael's personal address.

NEW | VELD Music Festival 2027

Route the draft to Farhad Ghousy through VELD's official general inbox. Lead with the house-programming fit and ask whether the 2027 team is considering developing North American artists.

Strong genre fit but a highly competitive international bill. The published address is a general festival route, not Farhad's direct inbox.

NEW | Awakenings Festival 2027

Treat this as a selective European introduction. Route it to Tim Middeloesch through Awakenings' published general inbox and ask for consideration where the programme crosses from techno into house and tech house.

Credible but selective: Awakenings is techno-led, while its 2026 Area B programming created a house and tech-house bridge. The inbox is general routing.

RETAINED | Monegros Desert Festival 2027

RETAINED: if this edition has not already been pitched, send through the official festival inbox and request routing to Victor de la Serna. Confirm the date and house-programming context before discussing travel.

Strong stylistic fit with past house and techno bookings. This remains a general routing address, not Victor's personal inbox.

RETAINED | Gottwood Festival 2027

RETAINED: route the draft to Tom Carpenter through the official inbox if this edition has not already been pitched. Confirm 10-13 June availability and frame the ask around Gottwood's house and UK-club programming.

Good boutique fit for the experimental house and UK-club side of Habeeb's sound. Travel and the festival's tight curation make this selective.

RETAINED | Houghton Festival 2027

RETAINED: use as a selective curator introduction if this edition has not already been pitched. Route it to Craig Richards through the official general inbox and do not quote dates until Houghton publishes them.

A stretch target for Habib's experimental house side. Houghton's curation is highly selective and the 2027 dates remain unannounced.

RETAINED | Marvellous Island Festival 2027

RETAINED: if this edition has not already been pitched, write directly to Laurent about La Kasbah's House / Tech House programme. Confirm Habib's 15-16 May availability before sending.

Strong direct fit through the named House / Tech House stage and a published direct professional address. This is retained, not a new contact.

RETAINED | Horst Arts & Music Festival 2027

RETAINED: first confirm that this edition has not already been pitched, then route the draft to Simon Nowak through Horst's official general inbox. Confirm 6-8 May availability.

Experimental house and garage fit, though Horst deliberately emphasizes local and emerging context. This is a general routing inbox.

Before sending: confirm availability and fee guidance, attach both riders, and check whether you already contacted this exact edition. Report sent editions so they can be removed from future packets.

Festival: North Coast Music Festival 2027

NEW | Bridgeview, Illinois, United States | Labor Day weekend 2027; exact dates pending

Booking contact: Michael Berg, Partner and Talent Buyer, North Coast Music Festival / Collectiv Presents

Email: info@northcoastfestival.com

Subject: For Michael Berg: Habeeb / North Coast 2027

Email copy:

Hi Michael,

North Coast's 2026 bookings of Chris Lorenzo and Sammy Virji are why I'm reaching out about Habeeb for 2027. That space between House, Tech House and UK garage is a natural fit for his sound.

I'm Joanna Biehler, his manager at Night Method Agency. Habeeb is a House / Tech House artist with an experimental edge, and he builds his sets as dynamic performances rather than a fixed run of club records. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

You can hear his music and see the live context in the [Habeeb EPK](#).

Would you consider him for North Coast 2027, particularly where the programme leans into house or UK club sounds? If this reaches the general team, please route it to Michael or the festival's talent buyers.

Best,
Joanna Biehler

Festival: VELD Music Festival 2027

NEW | Toronto, Ontario, Canada | 30 July-1 August 2027

Booking contact: Farhad Ghousy, Talent Buyer, INK Entertainment Group

Email: info@veldmusicfestival.com

Subject: For Farhad Ghousy: Habeeb / VELD 2027

Email copy:

Hi Farhad,

I'm reaching out about Habeeb for VELD 2027. Fisher and Mau P on the 2026 bill show the kind of direct, high-energy house programming where his work makes sense.

I'm Joanna Biehler, Habeeb's manager at Night Method Agency. He is a House / Tech House artist with an experimental edge, and his sets are dynamic performances built for a festival crowd. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd. Those rooms have sharpened a set that can move quickly without losing its club foundation.

His music and performance background are in the [Habeeb EPK](#).

Would you consider Habeeb for VELD 2027? If the fit is there, I'd be glad to discuss availability, travel and the right stage context. If this lands with the general team, please forward it to Farhad or VELD talent programming.

Best,

Joanna Biehler

Festival: Awakenings Festival 2027

NEW | Hilvarenbeek, Netherlands | 9-11 July 2027

Booking contact: Tim Middelensch, Managing Director, Awakenings

Email: info@awakenings.nl

Subject: For Tim Middelensch: Habeeb / Awakenings Festival 2027

Email copy:

Hi Tim,

Awakenings is a selective ask, but the 2026 Area B bookings of Sidney Charles and Cloonee give me a clear reason to introduce Habeeb for 2027. His sound sits on the House / Tech House side of that programme, with an experimental edge.

I'm Joanna Biehler, his manager at Night Method Agency. Habeeb treats his sets as dynamic performances, building tension and movement instead of relying on a single tempo or formula. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

You can hear the music and see his background in the [Habeeb EPK](#).

Would you consider him for Awakenings Festival 2027 where the curation moves toward house and tech house? If this reaches the general team, please route it to Tim or the artists and bookings team. I'm happy to discuss availability and travel if the music fits.

Best,

Joanna Biehler

Festival: Monegros Desert Festival 2027

RETAINED | Fraga, Spain | 2027 edition; exact date not yet published

Booking contact: Victor de la Serna, Music Director, elrow / Monegros / Florida 135

Email: info@monegrosfestival.com

Subject: For Victor de la Serna: Habeeb / Monegros 2027

Email copy:

Hi Victor,

I'm following up with an artist introduction for Monegros 2027. The festival's archive of Joseph Capriati and Seth Troxler gives me a clear programming connection for Habeeb's House / Tech House foundation and experimental edge.

I'm Joanna Biehler, his manager at Night Method Agency. Habeeb treats his sets as dynamic performances, with enough movement and contrast for a large-format electronic programme. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

His music and performance background are in the [Habeeb EPK](#).

Would you consider him for the 2027 programme, particularly on the house side of the festival? If this reaches the general team, please route it to Victor or Monegros music programming. I'd be glad to discuss availability, fees and travel once the edition date and the right stage context are clear.

Best,

Joanna Biehler

Festival: Gottwood Festival 2027

RETAINED | Anglesey, Wales, United Kingdom | 10-13 June 2027

Booking contact: Tom Carpenter, Gottwood co-founder

Email: info@gottwood.co.uk

Subject: For Tom Carpenter: Habeeb / Gottwood 2027

Email copy:

Hi Tom,

Gottwood's 2026 bookings of Sweely and The Trip are the connection behind this introduction. Their place in a deeply curated bill suggests room for Habeeb's House / Tech House foundation and experimental edge.

I'm Joanna Biehler, his manager at Night Method Agency. His sets are dynamic performances designed to move with the room, which is why Gottwood's smaller, distinct spaces feel more relevant than a broad main-stage pitch. Habeeb has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

His music and background are in the [Habeeb EPK](#).

Would you consider him for Gottwood 2027? If the sound is right, I'd be happy to discuss the most appropriate stage, availability and travel for 10-13 June. If this reaches the general team, please forward it to Tom or music programming.

Best,

Joanna Biehler

Festival: Houghton Festival 2027

RETAINED | Norfolk, England, United Kingdom | 2027 dates pending

Booking contact: Craig Richards, founder and creative director

Email: info@houghtonfestival.co.uk

Subject: For Craig Richards: Habeeb / Houghton 2027

Email copy:

Hi Craig,

I'm writing with a selective introduction for Houghton's 2027 planning. Peach and Shanti Celeste on the 2026 programme are the clearest connection to the experimental house side of Habeeb's work.

I'm Joanna Biehler, his manager at Night Method Agency. Habeeb is a House / Tech House artist with an experimental edge, and he approaches his sets as dynamic performances rather than a fixed festival formula. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

You can hear the music and see his background in the [Habeeb EPK](#).

Would you consider him for Houghton 2027 if his sound fits the programme you're building? I would welcome your view before discussing a particular stage or time. If this reaches the general team, please route it to Craig or music programming. We can address dates, travel and availability once the edition is announced.

Joanna Biehler

Festival: Marvellous Island Festival 2027

RETAINED | Torcy, France | 15-16 May 2027

Booking contact: Laurent Kemler, Artistic Director and music programmer

Email: laurent@nuit-sauvage.com

Subject: Habeeb for Marvellous Island 2027 / La Kasbah

Email copy:

Hi Laurent,

I'm reaching out about Habeeb for Marvellous Island 2027. La Kasbah's stated House / Tech House direction is the clearest fit, and Nic Fanciulli on the 2026 programme gives me a specific reference point.

I'm Joanna Biehler, Habeeb's manager at Night Method Agency. He works from a House / Tech House foundation with an experimental edge, and his sets are dynamic performances built to hold a crowd through contrast and movement. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

His music and live background are in the [Habeeb EPK](#).

Would you consider him for La Kasbah in 2027? If the music fits, I'd be glad to discuss availability for 15-16 May, travel and the right set length. I wanted to reach you while the official programme is still forthcoming rather than assume a slot or stage.

Best,

Joanna Biehler

Festival: Horst Arts & Music Festival 2027

RETAINED | Vilvoorde, Belgium | 6-8 May 2027

Booking contact: Simon Nowak, Head of Music and co-organizer

Email: info@horstartsandmusic.com

Subject: For Simon Nowak: Habeeb / Horst 2027

Email copy:

Hi Simon,

Todd Edwards and Daphni on Horst's 2026 programme are the connection behind this introduction. Habeeb's House / Tech House foundation and experimental edge could make sense within that broader club conversation.

I'm Joanna Biehler, his manager at Night Method Agency. Habeeb treats his sets as dynamic performances, using pacing and contrast to make each room feel specific. He has played Breakaway Dallas 2026 and Breakaway Houston 2026, and he has opened for James Kennedy and Benjamin Lloyd.

His music and background are in the [Habeeb EPK](#).

Would you consider him for Horst 2027? I know the programme values local context and artists who contribute something particular, so I'm asking for a listen rather than assuming a stage fit. If this reaches the general team, please route it to Simon or music programming. We can discuss 6-8 May availability and travel if the music interests you.

Best,
Joanna Biehler
